I just received a copy with a rigid cover of Osric by mail yesterday and it's a wonderful thing! Here you will find all the rules necessary to reproduce AD & D 1E modules under a cover, complete with tables to hit, demons and devils and dungeon mastering advice on the Wahzoo! I wanted something like this for years and, although I don't always get along with some people behind Osric, I have to take away the hat from them- this huge volume of Old School Fantastic makes Osric the retrospective clone to measure all the others, as far as I'm concernedMy only complaint is that some of the page numbers have been cut a little at the bottom, but, all considered, it is a relatively less infringement given the rest of the presentation of the book and the overall value. I can't wait to unleash it at a local gaming table! Access or register to remove this announcement I had two problems with the book, which I highlighted in a previous thread: 1) I never played 1st edition and therefore I didn't know how the bailouts worked. The book never explained how. But Enworlder helped me with that. 2) There are some index rumors with a single number of page listed: the page of the voice of his voice. Apart from that, it was solid and smooth. A great moment was spent by everyone when I managed the Osric game! I'm enjoying 4e, but unfortunately it's the only thing that people seem to want to play. Otherwise, I would be everywhere with a second campaign. He collected him at a certain point regardless of that I just received a copy with a rigid cover of Osric by mail yesterday and it is a wonderful thing! Here you will find all the rules necessary to reproduce AD & D 1E modules under a cover, complete with tables to hit, demons and devils and dungeon mastering advice on the Wahzoo! I wanted something like this for years and, despite not always getting along with some people behind Osric, I have to take off my hat from them- this Fantastic Old School Volume makes Osric the retrosaur clone to measure everything as far as I'm concerned. My only complaint is that some of the page numbers have been cut a little at the bottom but, all in all, it is a relatively less infringement given the rest of the presentation of the book and the overall value. I can't wait to unleash it at a local gaming table! Beautiful! I also thought of buying one, but my "differences" with a person behind Osric prevented me from doing it. I bought Labyrinth Lord, Bfrpg, swords and magic, however. So maybe in the end I decide to buy this too, since I was satisfied with them. The color must be really expensive since it is 4 times more than black and white. The color must be really expensive since it is 4 times more than black and white. I continue to hear the publishers who say that the full colour is very expensive, I am sure you have heard it too. In addition, Lulu, and the like, are premium price products anyway. I just received the Paperback edition, which brought me somewhere around $ 25, shipped. It was well worth every penny. At this point I would like to have spent some dollar in more for the rigid cover. Yes, the voices of the recursive index are rather hilarious. And there are some empty points - such as the descriptions of the above saving launches, and things as damage from flaming oil. But it's an excellent compendium, and I use it for my game 1 and right next to my books 1e. -O continue to hear the publishers who say that the full color is much more expensive, I am sure you have heard it too. When considering such superficial changes, you feel that you are actively looking for a reason not to like OSRIC. Also, note that the changes were not uselessÂÂ the text of AD&D is not Ã¢ Open Game Content, meaning it could not be reused in OSRIC. As it stands, the authors may have gone one of the two ways ÂÂby slightly revising the AD&D text so as not to violate the original or use the D&D 3x version of the spell which Ã is completely different: Level: Brd 0, Clr 0, Drd 0, Sor/Wiz 0 Components: V, S Casting Time: 1 action standard Gamma: 60 ft. Bullgrit I bet that this question Ã was asked previously, but why not play AD and D1 forms with the original AD and D1 rule books/True? Bullgrit well, in the case of DM, I guess people usually have both. I do. The material Osric Ã is a little better for a quick reference to the table, according to which thereÃ² I read. The original material Ã is a little more fun to read and offers more¹ inspiration (at least for me). In the case of players, Osric can be downloaded and printed free of charge .. So the whole group doesn't have to go to eBay to buy old books. I'm sure there are other reasons as well. EDIT: Also, my understanding Ã is that Osric was meant to facilitate the publication of new advertising adventures that were compatible with the old system. It is not meant to replace old books. Others will inevitably find themselves with more informed opinions¹. I am a C&C convert, but I still have all my AD&D books and I really have no reason to get Osric besides the somewhat positive things I hear about it. Actually , although D&D Cyclopedia rules are in my purchase list before something like Osric. I bet this question Ã was asked earlier, but why not play AD and D1 modules with the original AD and D1 rule books/True? Bullgrit I treat my strict Osric as my "book of travel spells". My original AD&D books stay at home away from the viscissitudes of my overcrowded shoulder bag and beverage-laden play table. I treat my strict Osric as my "book of travel spells". My original AD&D books stay at home away from the viscissitudes of my overcrowded shoulder bag and beverage-laden play table. Another good reason! I bet this question is being asked. precedence, but why not reproduce AD and D1 modules with the original/True AD and D1 rulebooks? Bullgrit Although original books are not *impossible* to find, scoring a set is not a done deal. .pdfs are no longer legally available and hard covers must be tracked used via a Signing to the FLGS or put your faith in some faces without ebay face that can or cannot get your goods to you in the promised condition in a reasonable period of time. No similar nonsense with Osric â € “Download the .pdf for free or download $ 10 on Lulu and you will have your copy at hand in 5 or 6 working days. I already have the original books (two sets!), But I still use the Osric volume since: a) everything (monsters, classes, graphic) is in a great book instead of three, and well organized for easy consultation. b) My original AD&D books can quietly languish at home in the vault, without threatening spots of beer or pizza sauce, and c) its new and shiny and everyone loves Ooh and Ahh on it. I bet this question was already asked to you, but why not reproduce the AD & D1 modules with the original/real AD & D1 rules? Bullgrit Beh, find real AD & D 1E in.(a) Good condition. for b. Reasonable prices.It is becoming much more difficult. Frex, I saw the first copies of the original AD & D 1E phb (Demon Statue Cover) in excellent condition up to $ 75 recently. A few years ago, with some rare exceptions, you could barely use copies used by all AD & D 1E books for only $ 10 each. Lately, I have had difficulty finding those same books for less than $ 20 each in right conditions. I believe that the OSR has increased the demand, thus thinning the market. So, yes, it is still possible to buy cheap copies of the book that are not in excellent condition, but because it do it when you can get an elegant, well -bound, new rigid copy of what is essentially the same Series of basic rules for just under 30 dollars delivered to your home? It is the difference between paying for something that you will have to put together the adhesive tape next year and a book that you can probably give to your grandchildren in its original binding. Also, like another said, with the original books increasing in price as they become darker, the threats of Cheetoe fingers or a soda spill are all ,osnep ,ehc arocna ettab sitarg am ,osotsoc etnemairassecen ˜Ã non ...odrocca'd onos tirglluB .01$ id onem rep etrap roiggam al ,02$ id onem rep ittut ,icrednev rep BHP 1D&DA id anizzod anu ertlo avort ovisroc kool nU .yabe otallortnoc oh ehc otnat ¬Ãsoc oserpros ah im otseuQ tirglluB .01$ id onem rep etrap roiggam al ,02$ id onem rep ittut ,icrednev rep BHP 1D&DA id anizzod anu ertlo avort ovisroc kool nU .yabe otallortnoc oh ehc otnat ¬Ãsoc oserpros ah im otseuQ .ilovenoigar izzerP .b rep inoizidnoc enouB .a . .e1 D&DA alled irbil i odnavort ,heB .¬Ãl ittut rep ozzerp nu ˜Ã'C 001$ - revocdraH rolocluF 52$ - revocdraH W&B 51$ - kcabrepap drah 01$ - kcabrepap ymonoce 0$ - fdp. :ivitamissorppa CIRSO izzerP .99$ ˜Ã ruoloc-lluf adigir anitrepoc al oloS .otangesnoc 03 $ acric id ˜Ã oren e ocnaib ni adigir anitrepoc aL .irallod 03 id onem rep asoclauq etnemarucis ebberas olrarpmoc issevod eS .ierid ,uluL rep ehcna ,olocidir 'op nu ˜Ã ,¬Ãs ,kO !!???001$ .03$ id onem rep asoclauq etnemarucis ebberas olrarpmoc issevod eS .ierid ,uluL rep ehcna ,olocidir 'op nu ˜Ã ,¬Ãs ,kO !!??irallod 001 .otted ah euqnuihc ehc ozzerp id omertse ¹Ãip otlom ˜Ã 001$ isauq a ottepsir 52$ am ,oiraticilbbup aY otseuq erevoumir rep isrartsiger o ideccA .¬Ãl issets es otarepus onaibba ehc osneP .¬Ãs ,elanigiro otnetni'l are otseuQ .etamrofni ¹Ãip inoinipo noc ottatnoc ni etnemlibativeni onnarertne ,²Ãrep ,irtlA .irbil ihccev i eriutitsos rep attaf ˜Ã noN .ametsis oihccev li noc ilibitapmoc onare ehc D&DA erutnevva evoun id enoizacilbbup al eratilicaf rep otasnep otats are CIRSO ehc ˜Ã enoisnerpmoc aim al ,ertlonI :acifidoM 2 anigaP 9002 ,11 voN :acifidom amitlU].22$ a otsiviR e2 D&DA osourtsom elaunaM li otats ˜Ã itseuq id ocimonoce ¹Ãip lI .oilgem o inoizidnoc emitto ni onare ittuT .CIRSO noc osu'l rep D&DA id ilanigiro ilaunam inucla otatsiuqcair etnemetnecer oh ,WIWF :acifidoM[.enoizelloc ad otteggo nu ehc otsottuip ,elibiutitsos etnemlicaf ,orbil ovoun nu eraiggennad id eraihcsir etnedurp ¹Ãip Ã .osolocirep ilanamittes ilanamittes ,iraloger irtson ied inucla ehcna e onna'tseuq id oizini'lla RFL E4 pu-kcip nu ni otacoig oh ,oipmese dA .D&DA euqca el eratset irevop irotacoig o lausac ,ivoun i rep A ameal tulltlell tukly Red ederlala sub sabba , sulome , Vanane , Vananeankankberker sabantukan sabɔ . Luckily, we have at least two here in Louisville. I don't pay much attention to the 1E books, because I have a complete set of them for a long time, but I tend to see them rather regularly there in one of a couple of other shops with used game books. My CDs and my playbooks are always two of the things I buy first. I'm a packed guy. 5 shelves full of gambling books plus¹ others that are not out. Whoa! What an ignorant snark! I guess you didn't see the smile. We obviously used a number of search strings. Maybe you should stop posting until you can get that knot out of your underwear. Last edit: 11 Nov 2009 I treat my OSRIC hardback as my "book of traveling spelling". My original AD&D books stay home away from the viscissitudes of my overcrowded messenger bag and the beverage-packed playtable. This too is my reason. I have more¹ copies of the major AD&D books, but some of them are not in very good shape. I don't mind using them, but I played with younger players¹ (my older children¹, my grandchildren and grandchildren), and they're not always as careful as I am. I feel better about handing my son a copy of OSRIC on the hard cover than one of my old Players Handbook. (Incidentally, at home I went with a "no drinks on the table" rule; drinks go on the bar â which Ã is handy for one side of the table â or on the TV trays, but not on the table, itself©.)
